Established in Chilliwack since 2005, LaZure is a recognized specialist in state of the art skincare treatments, injection techniques and skincare products and is comprised of a passionate team of professionals led by Dr. Marianna Snyman. In addition to her role at LaZure, Dr Snyman will also join the Skinworks Dermapure team in Vancouver to provide aesthetic treatments.

"We are thrilled to have Dr. Snyman and her team join Dermapure and welcome them to the Dermapure family. Dr. Snyman and her entire team share the vision, passion and values that have made both LaZure and Dermapure recognized destination where patients find a partner in achieving the best, natural looking results," said Marilynne Gagné, President of Dermapure.

"I am extremely pleased to join Dermapure, a dynamic and forward-thinking network of premier medical aesthetic clinics. I believe that Dermapure is the best partner to take LaZure to the next level and provides the best opportunities for our patients, our employees and myself. Dermapure and its management share the same philosophy around excellence of care and the same passion to be the partner of our customers in their cosmetic dermatology and rejuvenation needs," said Dr. Snyman.

This latest affiliation represents Dermapure's second in British Columbia and is part of Dermapure's plan to develop a country-wide network of premier aesthetic medicine clinics.

"We are excited about our partnership with Dr. Snyman and the LaZure team and proud that Dr. Snyman chose us as her partner. This new affiliation, our second in British Columbia, is part of our plan to deepen our network in British Columbia and confirms that we continue to be the partner of choice for practitioners in the aesthetics market," said Francis Maheu, CEO of Functionalab Group, of which Dermapure is part.
